PRIVATE LESSONS

Private lessons are for skaters who want to improve specific skills or are interested in becoming competitive figure skaters. Private lessons offer individualized instruction tailored to meet each skater's personality and learning needs. One-on-one instruction allows for a more rapid progression of skills.

Private lessons are a great supplement to group lessons and allow skaters to focus on the skills which need the most help. A coach will prepare a skater for competitions and test sessions.

- Skaters of all ages and levels can begin private lessons.
- Lessons are scheduled directly with the coach.
- Ice time is a separate fee.
- Lesson fees are paid directly to the coach.

CHOOSING A COACH

Observe the coaches at work. Watch them and take note of their qualities and teaching techniques to determine which will work best with you or your child. Speak with the coaches directly to discuss their views on teaching, training, and competing. Discuss possible goals and ask how they would help you accomplish your goals.

BOOSTER LESSONS

Still unsure if private lessons are for you? Do you need a quick boost before testing? Need help perfecting synchro team choreography?

Schedule a one time booster lesson with any Michiana Ice coach.

AVAILABLE COACHES

Michiana Ice verifies coaching compliance with U.S. Figure Skating requirements:

- U.S. Figure Skating Full Membership
- Completion of SafeSport Training
- Annual Background Screen
- Liability Insurance
- Continuing Education Requirements

All coaches are Gold Medalists in U.S. Figure Skating tests.

Please feel free to contact coaches directly.

If you have additional questions or would like assistance, email Michiana Ice at michianaicefsc@gmail.com.
